MOTORINI & ALTERNATORI MAGNETI MARELLI EQUAL QUALITY

Magneti Marelli presenta la nuova gamma di motorini ed alternatori EQUAL QUALITY: la risposta ideale alle esigenze degli automobilisti attenti alla qualità ...ma anche ai costi, senza compromessi.

*La linea è stata studiata per offrire **un'alternativa affidabile** al prodotto originale e rigenerato Magneti Marelli, **ad un prezzo competitivo**.*

La funzione di motorini e alternatori è molto delicata.

Il motorino di avviamento deve essere in grado di avviare il motore in ogni circostanza climatica e temporale; l'alternatore è il componente che mantiene la tensione elettrica dell'automezzo e tutti i servizi a pieno regime.

Ecco perché la qualità non può avere compromessi, l'attenzione a questi componenti deve essere massima.

Ogni pezzo viene testato per garantirne l'efficienza e la durata.

ECCO PERCHÉ UNA GAMMA EQUAL QUALITY MAGNETI MARELLI

Il numero dei veicoli non recenti è in continua crescita e il costo dei ricambi originali non sempre è adeguato al valore del mezzo. Ecco perché Magneti Marelli ha pensato ad un'alternativa per questo tipo di vetture.

Per meglio identificare il motorino e l'alternatore Equal Quality, è stata creata una **confezione dedicata color avana, marchiata Magneti Marelli Equal Quality**.

Il componente invece è marcato Magneti Marelli, rispettando a pieno titolo lo standard qualitativo da sempre assicurato dal marchio.

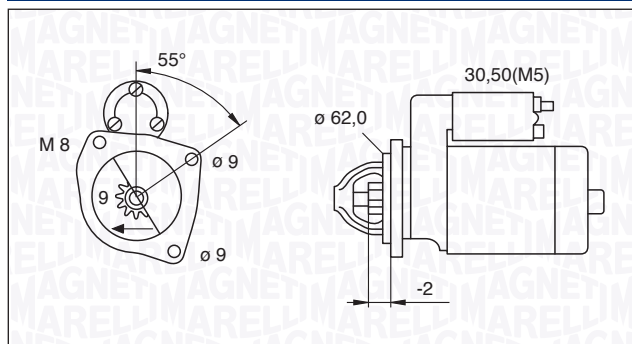

La gamma si compone di 62 referenze, 31 motorini e 31 alternatori, di qualità equivalente all'originale a copertura delle maggiori applicazioni europee.

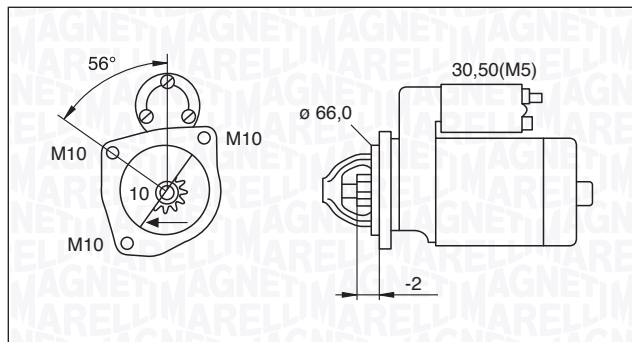

PERCHÉ ACQUISTARE LA GAMMA EQUAL QUALITY MAGNETI MARELLI

- Per soddisfare le esigenze dei proprietari di vetture non recenti
- Per l'eccellente rapporto qualità/prezzo
- Per la sicurezza e l'affidabilità
- Perché rispetta gli standard qualitativi Magneti Marelli
