**Hose clip pliers VAS 6340**

The hose clip pliers comprise of the following components:

Insulated, semi-flexible cable 610 mm long.

Multi grip lock

Plastic coated grips

Rotating working carriage

For actuation of self-tensioning spring clips and space saving clips in area of cooling and heating system.

Single-handed operation, release of fixing device above push button in grip area.

The cable allows work to be carried out without a guiding hand both overhead and in low down areas of the engine bay.

Especially suitable in tight spaces where direct application of a pair of pliers is not possible.

**Warranty**

24 months

**Manufacturer**

Hazet-Werke, Remscheid
